THE HEBREW NEW YEAR. -The Hebrew new year will begin to-morrow evening at sunset, and will be appropriately celebrated by the

Israelites generally.

The New Year's festival falls on the first day on the seventh Hebrew month Tishri, also called the Holy Month, because the most solemp Hebrew festivals occur in the month. The first day of this mouth is the beginning of the sacred year of the Hebrews, and is distinguished from the civil year, commencing with the fourteenth day of the first Hebrew month Visan, upon which day the Israelites acquired their redemption from Exyptian slavery. According to the Hebrew chronology it is

the commencement of the year 5656, since the creation of the world. The New Year's Day is one of the most solemn of Hebrew holidays, and is considered as a day of preparation for t e Day of Atonement, which occurs ten days af r. During the morning service the "shojai," a sort of trumpet, producing a shrill sound, and made of a ram's horn, is blown three times for the purpose of reminding the Israelites of the approach of the great Day of Atonement when they will have to appear before their Maker to atone for their sins. The br w Year's Day has several appellations, being called the Day of Trumpets, the Day of R membrance, and the Day of Judgment. The er hodox Israelites celebrate the New Year's is ival two days, while the Reform Hebrews observe only one day. The drapery in the synagogues is all of white, and the prayers and sones of the most solemn character. On the muth day of the Tishri (October 9) occurs the Day of Atonement, and four days thereafter the Festival of the Tabernacles will begin and

Mount Vernon, -In the Old Mount Ver cur, all of these rooms are furnished, or partly so, in a style corresponding to the days when Washington resided there. During the recent excursion of the Connecticut party to Virginia, Mount Vernon was one of the places visited, and the ladies were so impressed with the desolate condition of the Connecticut room, that they resolved that upon their return home something should be done about it. In accordance with the spirit of this resolve, the ladies of the expedition, and more especially those who went from Bridgeport, have already commenced preparations for a series of entertainments to be given at the Opera House. The money raised by these entertainments will be devoted to the manufacture of a suit of furniture from wood grown on Connecticut soil, and made in the style of '76. This is a praiseworthy object and we hope to see it succeed. -Daily Standard, Bridgeport, Conn.

Successful Farming -The Committee on Farms of the Shenandoah Valley Agricultural Society, at Winchester, Va., awarded the premium for the best farming to Gen G. S. Meem, of Shenandoah. He states that from sixty-five bushels of Fuliz wheat sown on forty acres of bottom land he threshed thirteen hundred and twenty bushels, which is thirty-three bushels to the acre, and a little over twenty for one. The second premium was awarded to Peachy & Meem, of Shenandoah county. Their yield from fitty bushels of Fultz wheat sown was nine hundred and twenty eight bushels, and from one hundred and seven bushels, other varieties, on ninety acres of fallow and corn land, was sixteen hundred and sixty-seven bushels. The Mr. Peachy alluded to above is Mr. Willie l'eachy, formerly of this city.

EXPLOSION OF A LOCOMOTIVE. - The locomotive of the Virginia Midland Southern express train, engine No. 16, that left here at eight o'clock last night, when half a mile south of Rapidan station, between eleven and twelve clock, exploded, injuring the engineer, Thos. One baggage and one passenger car were thrown from the track, and one truck of the baggage car broken. The rest of the train was uninjured. The porthward bound train that was delayed in consequence of the accident, arrived here about one o'clock this afternoon, bring with it the remains of the dead engineer, whose parents and friends reside in this city.

Teracco Raising. - In the olden time tobaces was raised extensively in all this immediate section of country, but for years past the cultivation of that plant has been entirely abandoned in all the Virginia counties surrounding and near this city. The appearance, however, at the grocery and commission store of Davy & Harmon, yesterday, of a hogshead of tobacco, raised by Mr. Charles Wilkens, at Collingwood, a few miles down the river, in Fairfax county, indicates an incipient revival of the old and profitable interest, and were that interest extended there is little doubt that it would be as remun rative as it was in the past.

T., Sept. 27.-The commission has decided not to meet the Indians again until they have determined what they will do, and in consequence notified them last night that there would be no council to-day. All the chiefs have been holding a council at Spotted Tail's camp to-day. The Cheyenne chiefs, Wild Hawk and Standing Elk, visited the commission to-day and said their fathers used to own all this country; that all the headmen of the tribe were now willing to cede to the whites, and were only waiting for the Sioux to make up their minds. The commissioners stated they were waiting for the same result. The Standing Rock Indians start to-day for home with beef for twenty days. Their agent is authorized to sign the treaty for them.
